O. , Supt. of Docs. , Congressional Sales Office, 1999. LC Number: KF27 . W345 1998b OCLC Number: ocm41059586 Subject: Health insurance -- Taxation - - United States. Excerpt: . . . 12 In conclusion, HIAA supports the use of broad-based state and federal funding to subsidize the cost of health insurance for those who cannot otherwise afford it. We have witnessed the success of favorable tax treatment in helping to expand coverage to a large percentage of working Americans. Therefore, we believe that providing greater equity under the tax code for individuals and the self-employed is a reason-able way to make health coverage more affordable for a large number of the 41 mil-lion Americans who currently do not have coverage. H. R. 3475 and other similar measures would be a very good start. We also would encourage Congress to consider tax credits, vouchers and other subsidies as a means of making coverage more af-fordable for even more Americans. Again, we are encouraged that Congress is returning to the issue of the uninsured and considering ways to make private health coverage more affordable. We look forward to working with you as you consider ways to expand private health coverage and provide equitable treatment under the tax code for individuals who have taken responsibility for their own health care coverage.
