Ideas for writing the textbook is characterized by a combination of environmental law and natural resources law. the environment and natural resources law as a legal departments to be addressed. and referred to as the Environmental Resources Law. and past environmental law and natural separate resources law teaching. So to do so because of the environment and natural resources are inextricably linked. and adjust the object and purpose of the Environmental Law and Natural Resources Law is basically the same. However. environmental law. natural resources law. each side of the quarter. each with its own characteristics and relative independence. Therefore. the Environmental and Resources Law as a legal department to research and teaching. or an attempt to explore this should not affect the respective development of environmental law and natural resources law. From the guiding ideology. we strive to Marxist thinking about man and nature the dialectical doctrine and sustainable development. combining the theory of law. environmental science. resource science. so that both theories in general and highlight the applicability to adapt to the characteristics of education. In order to develop human resources and improve the legal concept of the environmental resources of the universal consciousness and environmental...
