In this way, culture explains how an individual live and behave in an environment and how his/her thoughts and perception are molded which affect the mutual relationship between individual and environment in which he/she lives. Things were easily manageable with less diversified workforce, but globalization has changed the scenario altogether, and this phenomenon has accentuated the cultural differences within the organization affecting the performance of it. Human resource practices like training, staffing have a significant impact due to cultural differences. Now days, human resource is considered the most significant and difference making aspect of organizations and number of activities are undertaken, and lots of programs are implemented to increase the productivity of employees by supporting and accommodating employees ever changing needs. In this regard, the...
