Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from New Zealand Moths and Butterflies: Macro-Lepidoptera The present work is intended as a guide to those who desire to collect or study our native Lepidoptera, and also as a book of reference to the general reader. In the Introduction I have first given an outline of the Transformations and Structure of the Lepidoptera. Then a brief sketch of the Darwinian theories respecting the origin of species and their special application to various phenomena exhibited by moths and butterflies, as well as a short outline of the general principles which have been followed in framing modern classifications of the order. Next follow five chapters on the various groups dealt with. With a few exceptions this work only treats of what are, for the sake of convenience, termed the Macro-Lepidoptera. A similar work on the numerous and interesting species of Micro-Lepidoptera found in New Zealand may at some future time be undertaken. In conclusion, I have to discharge the pleasurable duty of thanking the numerous entomologists who have so liberally assisted me in the production of this...
