BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 58 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.Pursuant to a legislative requirement, GAO reviewed an experimental component of the Presidents Commission on Executive Exchange (PCEE) Program to identify advantages and disadvantages of private-sector employers paying their participants salaries, instead of the government. GAO found that: (1) prior to implementation of the experimental component, the government paid the salaries of private-sector participants up to a maximum, while the private-sector employers paid the salaries of federal participants; (2) the experimental component enabled higher-salaried private-sector executives to participate in PCEE; (3) the experimental component will save the government about 1. 5 million during fiscal years 1988 and 1989; (4) some government agencies would not have participated in PCEE if they had to pay the private-sector participants salaries; (5) PCEE followed adequate procedures for eliminating potential conflicts of interest resulting from allowing private-sector employers to pay federal participants salaries; and (6) federal participants leave-without-pay status resulted in the reduction of such benefits as retirement credit, within-grade increases, and savings plan contributions, while private-sector participants continued to receive most of their benefits.
